

# Easy2Learning

**Cloud-based and preconfigured HR Campus Best Practices in SAP SuccessFactors for your successful learning programs**

## Highlights

---

- Attractive package and licence costs
- 100% cloud technology
- Mobile solution
- Short implementation time – ready to use from day one
- Continuous innovation thanks to half-yearly releases
- Central point of contact at HR Campus
- Guided workshops and training, including guides and documentation

Easy2Learning is cloud-based and includes preconfigured Best Practices in SAP SuccessFactors to manage your online and classroom training. From simple online training through to complex certification processes, Easy2Learning offers you a multitude of options for structuring courses in an appealing way. Course administration can be designed efficiently while ensuring end-to-end compliance by the use of automated assignment and approval processes. Easy2Learning makes it easy to create tests, surveys and quizzes, as well as permitting a full evaluation of online and classroom training and programs. Another important highlight is the highly developed functionality of the SuccessFactors mobile app (iOS and Android).

## Functionality

---

SAP SuccessFactors Easy2Learning provides you with the following functionalities:

- Management of online and classroom training, programs and curricula
- Creation of tests, quizzes and evaluation questionnaires (not an authoring tool for e-learning)
- Supported e-learning formats: SCORM 1.2, SCORM 2004 (2nd and 4th edition) and AICC
- Management of the instructors and resources – without schedule conflicts
- Predefined authorization roles and approval processes
- LMS-own SFTP server (iContent) for hosting e-learning content
- Functions in the mobile app: browsing of the training catalogue, completion of e-learning content and surveys, viewing of learning history, instructor view

## Process

SAP SuccessFactors Easy2Learning provides you with the following preconfigured processes for managing the training products:

## Easy2Learning provides you with:

- A proven implementation methodology
- A central point of contact at HR Campus
- Guided solution-discovery workshop including detailed documentation
- Workbook-definition workshop: Focus on course elements, curricula, programs, assignment profiles, catalogues and learning content
- System-administrator training
- Documentation of the system configuration
- Technical support for the migration process in the context of migration templates
- Best-practice test cases

## Prerequisites, or what you need to contribute:

- Nomination of a system administrator
- Willingness to standardize and consolidate existing learning processes
- Sufficient resources to explore, accept and test the solution.
- In-house “go” for the introduction of a cloud solution
- Provision of relevant requirement/process information
- Provision of e-learning content
- Preparation and implementation of end-user training (including training documentation)
- Independent planning and implementation of internal communication
- Completion of import templates for the migration
